Bestborn Announces Technology Grant to Celebrate Anniversary

Serving customers for 10 years moves firm to establish grant for local schools

GREENSBURG, PA--October 13, 2016-- Bestborn Business Solutions, the mortgage industry's fastest growing provider of accounting and financial management solutions, announced today that as part of their tenth anniversary celebration, the company will launch an annual technology grant benefiting education facilities in their local area.

"Our team plans to award a technology grant to support student achievement," explains Martin Kerr, President of Bestborn. "Both the mortgage banking industry and Bestborn understand the importance of efficiency. We've established the grant to give students in our community the most efficient learning technology." The first annual grant will be awarded to Aquinas Academy in Greensburg, PA.

"Ten years serving customers has been very rewarding for our company and we thank each and every one of them for driving us toward continued growth," said Kerr. "Our local schools and universities have produced a large portion of our team that works everyday to support our customers. This is our chance to give back." added Kerr.

Bestborn Business Solutions will celebrate its 10th anniversary in San Diego, California in November at MBA's Accounting and Financial Management Conference.

About Bestborn Business Solutions, Inc.

Founded in 2006, Greensburg, PA-based Bestborn Business Solutions are the creators of Loan Vision, a mortgage industry specific financial management and accounting software. Combining

the functionality of Microsoft Dynamics NAV and Bestborn's industry toolset and expertise, Loan Vision has quickly established itself as a platform trusted by some of the largest as well as the fastest growing mortgage lenders in the country. Functionality includes the ability to interface with Loan Origination Software, loan-level accounting, commission calculations, as well as a branch reporting portal.
